COURSE OVERVIEW & STRUCTURE

This qualification reflects the role of individuals working in accounting and seeking professional recognition, including tax agents, accounts managers and business analysts; and to employees performing a range of accounts management tasks for organisations in a range of industries. At this level individuals are expected to apply theoretical and technical skills in a range of situations and to display initiative and judgement in planning activities. They have autonomy in performing complex operations and can be responsible for planning, coordinating and evaluating the work of others within broad but generally well-defined parameters.

TEACHING AND ASSESSMENT METHODS

Teaching methods focus on classroom based face-to-face training, which includes lectures and practical tutorials. Classes are small in size and lecturers focus on individual student needs during the learning process. The emphasis in assessment is on collection of evidence, holistic assessment against the unit of competency and trainer/assessor judgment. Importance is placed on the integration of areas of theoretical knowledge, practical skills and proper work attitudes.

The following assessment methods are used:

- Written examinations
- Written and oral quizzes
- Simulated workplace activities/scenarios/role plays
- Projects/assignments/presentations
- Classroom activities

Learning and assessment generally take place in an integrated classroom and simulated workplace environment.
